Regulation 54: Inter-County Women's (Walker Cup) & Men's (Balcomb Trophy)

This regulation should be read in conjunction with Regulation 52 – Bowls England Managed National Championships

54.1 General

This competition shall be open to all County Associations who are Members of Bowls England.

Each County Association shall forward to Bowls England, the entries in each of the Inter-County Competitions together with any relevant entry fees as determined by Bowls England.

Every county shall be represented by a side consisting of 10 players, all of whom shall be members of an affiliated club to their County Association. Failure to field 10 players shall result in a walkover (Sanction I applies). No player shall play for more than one county in any one year. Players entering National Championships in another country are not eligible to participate (Sanction D applies).

Bowls England shall determine the dates for all rounds, groups and venues.

54.2 Format of Play

Players will participate in the following disciplines:

- Singles (four bowls each player, first to 21)
- Pairs (three bowls per player, 18 ends)
- Triples (two bowls per player, 18 ends)
- Fours (two bowls per player, 15 ends)

The county side may be changed ahead of the start of each individual match/round.

Each match will be limited to a time limit of two hours 30 minutes (including trial ends). All ends must be played in all disciplines unless a discipline is 'timed-out'.

In the event of a 'dead end' the jack will be re-spotted on the T (or as near as possible to the T in line with the current Laws of the Sport)

54.3 Scoring – Regional Finals

- Per discipline – 3 pts for a win; 1 pt for a draw
- Per match – 12 pts for a win; 6 pts for a draw

The county that tops the group at the conclusion of the group stages on will qualify for the Aviva National Bowls Finals.

This will be determined by (in order):

- Overall points
- Overall shots difference
- Overall shots scored

If there is a 'tie' between two counties once these factors are taken into account, the result (shots aggregate) in the match between the two counties concerned will determine the group winner. Should shots be level at conclusion of the match, the winning team will be determined by the winner of the Singles fixture between those two counties. Should this still not produce a winner, each county will select one player to play a one-end tie-break to determine the winner.
